

Coverage against unplanned medical emergencies is surprisingly affordable.

Facts you should know.

- Emergent Ground Ambulance transports can easily surpass \$2,000 and can reach as high as \$5,000.
- Emergent Air Ambulance transports frequently cost more than \$40,000, reaching as high as \$70,000.
- Non-emergent transport to specialized care in a medically equipped plane commonly costs over \$20,000.
- Most people assume that their health insurance will cover most, if not all, of the costs for these transports. Usually, the opposite is true, leaving you with financially crippling bills.
